In MEMORIAM

IN MEMORIAM

In loving memory of Henry Spencer Garrett, who passed away March 13, 1958.
God took him home, it was His will,
But in our hearts we love him still;
His memory is as dear today,
As in the hour he passed away.

We often sit and think of him
When we are all alone,
For memory is the only friend
That grief can call its own.

His helping hand was always first
To render any aid he could;
His voice was always raised in praise,
His words were wise and good.

Dear father, since you've gone away
The ones you loved so true,
Try hard to carry on the way,
We know you'd want us to.

All his toils and conflicts o'er,
Lo, he dwells with Christ above;
Oh, what glories he's discovered
In the Saviour whom he loved.

—Wife, Children, Grandchildren and Great Grandchildren— (1tp)

IN MEMORIAM

In loving memory of our dear husband and father, Robert N. Spiggle, who passed away two years ago, March 13, 1959:

Two years have passed since God called you away,
No one knows the sorrow and pain you left in our hearts.
Since He called you that day.
Some day we will meet you to part no more, in our wonderful heavenly home.

Often to your grave we wander,
And place flowers with tender care;
For we know that you are near,
As we sadly linger there.
So, sleep on my darling and take your rest,
We love you well, but God loved you best.

We miss you dear Daddy in oh, so many ways,
That time can't heal the pain,
Until we are with you once again.
—Sadly missed by Wife, Children and Grandchildren.

SEED - GRAIN ACREAGE REPORT

The local ASC Office will continue to accept Feed Grain Acreage Reports until furthes notice. This announcement was made by W. D. Hix, 111, Chairman of the Appomattox ASC County committee.

Mr. Hix urged all farmers to file an acreage report if there is any possibility of their desiring to participate in the new Feed Grain Program this year. The filing of an acreage report does not in any way obligate them to participate in the program.

It is only a report of crop acreages grown in 1959 and 1960.

News Report From Mayor

To the Citizens of
The Town of Appomattox:

The regular monthly meeting of the Town Council was held Monday March 20, at 7:30 P. M., in the town office. The regular order of business was transacted.

One of the items on the agenda which was discussed at length was The Town Dump. Let me take a moment to remind all of you good people of the condition as it now exists. It seems that there are some people, who are hauling their own trash and for some reason are dumping it on the road between the hard surface road and the area of the dump, specified for such use. The county Fire Warden has informed the Town that this situation must be corrected, and that no fires should be set at the Dump except by authorized personnel. In turn the Council has passed an ordinance to become effective immediately forbidding this, and proper signs have been erected. I plead with you fine people both in the Town and the county, to give us your full cooperation toward correcting this situation.

The Water and Sewer Dept. has completed a recent survey and have found that there are twenty-nine different residences and business establishments which they believe have the down spouts from the gutters connected to the sewer line. This is causing a terrific overload on the sewerage disposal plant, and is in violation of an ordinance which was passed in 1939. A special notice, is being mailed to every citizen who owns property where this condition exists. Upon receipt of this notice, which will be enclosed with your next water bill, please, see that this condition is corrected by April 16th, for they will be inspected again on that date and we certainly hope that no summons will have to be issued.

Your Town officials were very gratified to learn that the State Highway Department has allocated $26,000 for the year 1961-62 to complete the curb and gutter project on Confederate Blvd., to the west end of the Town corporate limits. The work on this project that has certainly added a lot to the Town, and I certainly hope that not too long in the future this project will be complete from the eastern end of Confederate Blvd. to the western end.

Your counsel and advice on all public matters is welcomed at all times.

Sincerely,
C. T. Moses, Jr.
Mayor, Town of Appomattox.

The source of the disease has not been found ut the Rabid dog had been known o have been in contact with various tray dogs of the neighborhood. here is a possibility the animal uald have been exposed prior to oming to Cumberland last October.

Dr. Clements advised everyone o be on the alert for peculiar acting animals, also he urges vaccination of "all" dogs against rabies. he Director wishes to warm all erson to resist the temptation to handle or pet wild or unfamiliar nimals. He also advises that any og or other animal that acts bnormally be securley confined for a period of ten (10) ays. Thereby giving the animal a hance to live if it does not have abies.

Since rabies is always fatal, the nfected animal will die during hat period and then the Health epartment can examine the brain o determine whether or not the isease is rabies.

To Show Film On Blood Need

There will be a showing of the film, "Prescription for Life" at the Liberty Baptist Church at 8 P. M., Thursday, March 30th, at 8 P. M. This film shows the value of blood in emergencies and should be seen by everyone. This showing is free to the public and there will be a representative of the Regional Blood Center present to explain and answer any questions relative to the operation of the Blood Center.

There is at present a decided lack of interest in blood donations in Appomattox County, which may be due to lack of knowledge of the subject, according to the opinion of local Red Cross leaders.

It is urged that as many as possible attend the showing of this interesting film. Everyone hopes that relatives, friends or themselves never need blood for survival, but it is surely good insurance to know that it is available if needed.

Supervisors Ask For Tax Rate Hike

Considerable interest is being reported in Appomattox County, as the news is received that the Board of Supervisors plans to increase the county tax rate by twenty-five cents per $100 evaluation.

Notice of a public hearing on this matter has been published. The public hearing is scheduled for May 10 at the court house.

The proposed tax increase is accompanied by a general increase in property assessments, resulting after an out-of-county appraiser undertook a general re-assessment.

Many property values were increased, for taxation purposes. It had been felt that this increase, in addition to the widespread building boom to create new taxable values, would surely provide for necessary county income. However, the Board of Supervisors found, in their proposed budget, which will be published in this paper next week, that more money would be needed, and so the rate increase was proposed.

The Times-Virginian feels that increased costs of government have to be met, and that this county is correct in proposed a "pay-as-you-go budget. However, citizens should be informed, so that any comment or suggestion might be brought to the attention of the proper authorities ere final enactment of laws.
